This safe, simple perm procedure uses gentle perm solution and slim, flexible rollers to beautifully curl lashes. Your natural lashes will remain curled for 6-8 weeks.

Eyelash Extension

Semi-permanent lash extension treatment will help you achieve fuller, more voluminous, and more defined lashes without the mascara. Volume lashes can add "wow" for a special occasion or individual lashes can be added for a natural, everyday look. The lashes we use are lightweight and waterproof for a comfortable/no mess wear. Each lash is placed and bonded with extreme precision for the desired look, whether it's "hi-fashion", "Hollywood-glam" or "natural". These lash extensions will last up to 2 months or more! (Two week touch up recommended.)
